SAASTOCK

SaaSStock 2.0 is here and you're invited

We know what you need as a SaaS investor. And that's support. Support in finding your next SaaS unicorn to invest in. Support in finding a new co-investment opportunity to strengthen your portfolio. Support in finding accurate market intel to advance your investment strategies.

And that's what SaaSStock 2.0 is all about. **Connecting you with the right people, offering knowledge-sharing with your peers, and providing a platform for building long lasting relationships.**

This October, SaaSStock will be networking-led. We'll have a dedicated networking programme so you don't need to rely on serendipitous meetings and introductions. The same event our customers know and love - just bigger, better, and more powerful.

Find the support to take the next step in your investment journey.

"SaaSStock is one of the best software conferences there is. We absolutely love it."
